**[CONT OF BASIS OF COMPLAINT]**

1. On May 28, 2019, at approximately 10:15 p.m., a United States Border Patrol (USBP), Border Patrol Agent (BPA), was working his assigned duties at the USBP checkpoint located at the 29 mile marker of Interstate Highway 35, north of Laredo, Texas. While working in the primary inspection lane, a white Freightliner Tractor approached his position. As the vehicle approached his position, he was able to recognize the driver of the tractor as a subject of interest by the Laredo Police Department (LPD) regarding the theft of a tractor trailer. The LPD information was a photo of a black male subject with a head rag and facial hair. As the tractor approached him, he recognized the driver, later identified as (KONES, Devonte Alexander) who also had facial hair and a head rag from a prior encounter at the checkpoint in which KONES was driving a tractor. This LPD information was relayed to BPAs after the first encounter with KONES. Once KONES was near him, the BPA proceeded to ask KONES and passenger (later identified as DRIVER, Andy) if they were United States Citizens, to which they replied, "Yes". The BPA proceeded to ask KONES if anyone else was with them to which he replied "No." At that time, due to KONES fitting the description of what LPD had provided to BPAs, the BPA decided to send KONES to secondary for further inspection and to verify the possibility of KONES being the person of interest from the information released by LPD. At secondary inspection agents requested record checks on both KONES and DRIVER. At that time record checks revealed that DRIVER had two active warrants for cocaine sale and assault. Both subjects were escorted to inside the checkpoint to confirm the status of the warrants. A BPA proceeded ask KONES for consent to scan the tractor and trailer, to which KONES replied "Yes."
2. A scan was conducted utilizing a ZBF Backscatter by a BPA. The BPA noticed silhouettes in the trailer portion that were consistent with human bodies. Based on the fact that a trailer is considered a confined space, and on the unknown conditions of the people inside, BPAs proceeded to break the lock that was placed on the door.
3. Responding BPAs extracted a total of eighteen (18) undocumented aliens (UDAs) from the trailer. After a brief field interview, it was determined that all subjects did not possess a legal right to enter, remain, or reside in the United States. All Subjects were placed under arrest were transported inside the checkpoint for processing.
4. KONES was advised of his Miranda Warnings by LPD Detectives, to which he freely waived and agreed to speak to LPD Detectives and HSI SAs without the presence of an attorney. KONES stated he agreed to drive a tractor trailer with contraband for three thousand dollars (\$3,000). KONES stated he had done it on two other occasions and had dropped off the trailer with the contraband in the San Antonio, Texas area. KONES stated DRIVER was aware of the situation and he would pay DRIVER one thousand dollars (\$1,000).
5. LPD Detectives read DRIVER his Miranda Rights in the English language and DRIVER stated he understood his rights and requested to have a lawyer present before answering any questions.
